ABOUT KICKIN' KAWASAKI:

Kickin' Kawasaki is a community kickball tournament bringing family, friends and local businesses together for a fun-filled afternoon at WSFS Bank Sportsplex— all while raising funds and awareness for CHOP's Cardiac Center.

Our inaugural tournament will bring together 8 teams for friendly competition, with games, raffles, food, prizes and plenty of opportunities to cheer each other on. Whether you're on the field or cheering from the sidelines, every participant is helping make a difference for children and families facing heart conditions.

WHY CHOP?

The inspiration behind Kickin' Kawasaki is personal. Our son, Corey, developed Kawasaki Disease at just two years old and experienced serious cardiac complications. His ongoing care at Children's Hospital of Philadelphia (CHOP) has made an incredible difference for our family.

We created Kickin' Kawasaki to give back to the team that has given our family so much — while supporting the care, research and innovation that help CHOP care for countless children with heart conditions.

KICK FOR A CAUSE!

Interested in becoming a Kickin' Kawasaki event sponsor?

We'd love to have you on our team! Reach out for details.
